Verse 1:

I'm a little less lonely walking round in the world today, oh, you
don't hide from me

I'm a little less older walking round in the world today, no you don't
lie to me

I've turned

This way

Today

Again, again, again

Oh, isn't that what we love for?

Isn't that what we love for?

Isn't that what we love for?

Isn't that what we love for?

Grace

Verse 2:

I'm a little less lonely when we leave no games to play
You let me believe
Little less older when we leave no games to play, oh, you forget me
Yeah I've turned
That's why
Of you
Again, again, again
Isn't that what we love for?
Isn't that what we love for?
Isn't that what we love for?
Isn't that what we love for?
Grace

Coda:

Oh, isn't that what we love for?
Isn't that what we love for?
Isn't that what we love for?
Isn't that what we love for?
Isn't that what we love for?
Isn't that what we love for?
Isn't that what we love for?
Isn't that what we love for?
Grace
